Written Testimony As a good friend of Tom for almost 35 years t am honored to have attended his Celebration of Life at Dr. Jobs residence. A joy putting on shows with him like James Brown, Little Richard, Chuck Berry , Stylistics and so many more. A great guy to socialize with and a true friendship evolved. There are no words that express , what a great person and promoter and radio personality Tom was. May he continue in Heaven to spin those records and entertain all those who have gone before him.
